## WILSON ASKS PASSAGE OF FOOD RELIEF FUND

## Jugo-Slavs Refuse Italy's Adriatic Offer

SECOND APPEAL  
FOR \$150,000,000  
LOANS MADECOMPROMISE IS  
TURNED DOWN IN  
CONCILIATORY NOTEREPLY SUGGESTS NEW  
PEACE BASIS ALONG  
WILSON'S PRO-  
POSAL.

## PEACE IS WANTED

Denies Official Cognizance of  
Treaty of London, Secret  
Pact.

[BY ASSOCIATED PRESS.]  
Paris, Jan. 28.—The Jugo Slav reply to the allied ultimatum regarding the Adriatic question received in Paris this afternoon, announced a virtual refusal of the compromise offered by the Italians. The reply, it is believed, suggests a new basis of compromise along the lines of President Wilson's proposal.

The Jugo Slav communication will be presented to the council of ambassadors as soon as it is deciphered. Note is Conciliatory.

The note, while amounting to a refusal of the alternative contained in the allied ultimatum, is couched in a conciliatory tone and opens the way for further discussion of the question. Jugo Slavs point out that while it is still undecided as to whether the problem along the lines of President Wilson's 1919 proposals, adding that the Jugo Slav government has no official cognizance of the treaty of London.

The reply adds that the pact of London is a secret document, the text of which was never officially communicated to the Jugo Slav government and therefore it cannot consider a solution which is based on a secret pact. It is necessary for the opportunity of examining and discussing.

Dispute is Denied.

A dispatch from Belgrade under Tuesday's date quoted Belgrade advice as stating that the Jugo Slav government had decided to accept the allied ultimatum. This decision, the advice from the Jugo Slav capital said, was reached by a small majority only after a long discussion. President Wilson's proposal, it was stated, was not accepted.

Outcome Was Expected.

Washington, Jan. 28.—Official dispatches received here indicate that the Jugo Slav government would reject the plan of adjustment of the Adriatic controversy proposed by the entente powers. This decision, the government had consented to the proposition with great reluctance. Many of the Italian deputies thought that the Jugo Slav government would accept the plan, but the failure of the plan undoubtedly will be received with pleasure by the entente powers.

Advices received today indicated that the Jugo Slav government, while at first disposed to accept the plan, which involved the cession of the shape of an ultimatum, found that public opinion still held out for their extreme claims, cherishing the hope that the influence of American pressure would be successfully exerted to back them in the position taken under President Wilson's plan of settlement.

SOCIALISTS DENY  
PLANS FOR SOVIET  
RULE IN AMERICAMayor Testifies as to Require-  
ment of Signing Pledge  
of Party.

[BY ASSOCIATED PRESS.]  
Albany, N. Y., Jan. 28.—Denial that socialists had pledged support to F. C. A. K. Martens, Russian soviet "ambassador," or had endorsed the establishment in America of the soviet system of government, was made today by counsel for the defense at the trial before the assembled judicial committee of the five suspended socialist assemblymen charged with disloyalty.

Seymour Stedman, Chicago, renewed his denial that there was a letter introduced, yesterday addressed to Martens, signed "Rebecca Duhay," and purporting to be a declaration of support for the socialists' organization, but by organization in the eighth assembly district of New York, represented by Assemblyman Louis Waldman, a defendant.

Mr. Stedman asserted evidence would show that the letter pledging support to Martens was written, not by the socialists' organization, but by a group which, after an open political rupture, had been excluded from the socialist party.

Waldman was not a member of this organization, said Mr. Stedman. Testimony to support the allegation that the socialist party required its candidates for public office to sign a blank resignation before election was given by Mayor George R. Lunn, Schenectady.

Mr. Lunn, who was read out of the party, told the committee that he formerly was a member of the socialist party, and in 1911 was the party's candidate for mayor. He received a call at 11 o'clock the night before election from Charles Noonan and Russell Hunt, party leaders in the city, who told him that he must sign a document which proved to be an undated resignation.

"This aroused my ire," he said, "but I signed it."

Mr. Lunn declared in 1915 when he was named for the third time, he said, to make a public statement regarding his repudiation of that section in the party constitution.

Mr. Lunn said charges were brought against him that he had violated the constitution and that they disciplined him by firing out the whole Schenectady contingent by withdrawing the local ticket.

Mr. Lunn said he knew that Victor Berger and other socialists in Wisconsin not objected to maintenance of military conscription, but should rest on an armed people but that such action should come from within the state.

COTTON STEAMER IS  
ON FIRE AT SEACHINESE DEMAND  
REMOVAL OF DIKE

[BY ASSOCIATED PRESS.]  
London, Jan. 28.—The American steamer West Imboden has reported by wireless that a fire was discovered in her cargo yesterday. The ship's position was not given.

The West Imboden, a shipping board steamer, left Galveston Dec. 21 and is en route to Hong Kong with cargo including 21,000 bales of cotton. She is operated by S. Spicovitch and company of Galveston.

Racine Merchants Pledge  
To Build New Armory

[BY ASSOCIATED PRESS.]  
Madison, Jan. 28.—Upon his return from a trip to Racine, Wis., where he met 60 business men representing the various clubs of that city, General Orlando Holway reported that they had agreed to build a new armory at Racine. The cost of the armory is estimated at \$75,000. It is projected that action of that nature will guarantee the raising of the two battalions of heavy artillery. Owing to the risk, which was formerly used as an armory, having burned, temporary quarters will be opened downtown.

Ashland Press Buys Out  
Two Year Old Weekly Call

Ashland, Jan. 28.—The Ashland weekly Call, established about two years ago by J. W. Haislett, has been absorbed by The Ashland Daily Press. This leaves Ashland with two weekly papers, one of which, the Press, is the only one of its kind in the city. The Press, which was formerly used as an armory, having burned, temporary quarters will be opened downtown.

St. Paul Refuses Hall for  
Meeting of Socialists

[BY ASSOCIATED PRESS.]  
St. Paul, Jan. 28.—The city council today by unanimous vote, refused to permit for a proposed socialist meeting in the municipal auditorium at which former Representative Victor L. Berger of Milwaukee was listed as the leading speaker.

## Safe in Port

(By Associated Press)

Chicago, Jan. 28.—After being bound for eight days in the ice floes of Lake Michigan, the freight steamer Sidney O. Neff, entered the Chicago river this morning and docked with all of her crew safe. On board also were the seven men who started across the ice to the stranded steamer Sunday and who had been missing since.

Monday night the steamer, after five days in the ice field, disappeared but was located yesterday nine miles northeast of Evanston. Efforts of rescue tugs to reach her failed because of the ice. Early this morning the freighter Alabama, one of the most powerful boats on the lake, started for the Neff and after a struggle lasting five hours set her free.

ALL TEAMS REMAIN  
ON DUTY IN DRIVE  
FOR HOTEL FUNDS

Although no figures on today's work in the \$400,000 hotel campaign were available at the Chamber of Commerce this afternoon, the word was given out that the drive was continuing with all teams on duty. No totals will be compiled until tonight, Manager George F. Wells, stated.

The amount is well over the \$200,000 mark," he said.

SERIOUS ACCIDENT  
AVERTED BY WOMAN

Only quick presence of mind averted a disastrous accident last night when Mrs. John Fox, pulling a sleigh on which she and her three-year old son, Margaret E. Ford, jumped out of the path of an oncoming taxi.

According to her story, she was driving the sled along the roadway at Center avenue and Holmes street, when she heard an auto coming at a high rate of speed. She immediately jumped out of the sled and threw her child out of the sled. The car driver threw on his brakes and skidded on the snow, turning completely around until the machine faced in the opposite direction.

Australian Says Next  
War Will Be in Pacific

[BY ASSOCIATED PRESS.]  
London, Jan. 28.—Prime Minister, speaking at Melbourne yesterday, said the next war would probably break out in the Pacific, according to a dispatch from Sydney.

"We must be ready with a sufficiently numerous army to say this far and no further," he is quoted as saying. "We are headed about with nations which just after this country."

New Comet Sighted from  
Williams Bay Observatory

[BY ASSOCIATED PRESS.]  
Chicago, Jan. 28.—The new comet named "Solis" for its Spanish discoverer, has been sighted from Williams Bay, Wis., observatory, according to a telegram to Prof. Philip Fox of the Northwestern University.

The comet was sighted for a week by astronomers. To the naked eye the comet appears as an ordinary star the telegram said.

Erzberger's Condition Is  
Worse; Shot in Shoulder

[BY ASSOCIATED PRESS.]  
Berlin, Jan. 28.—The condition of Matthias Erzberger, vice premier and minister of finance, who was shot Monday by Oltwig Von Hirschfeld, a former cadet officer, was somewhat better today. An X-ray showed the bullet firmly lodged in the shoulder blade.

Farm Leader Stoutly  
Denies Rail Control Plea

[BY ASSOCIATED PRESS.]  
Columbus, Jan. 28.—Stoutly denied that the farmers of the country, in favor of the government retaining control of the railroads was made here today by Oscar E. Bradfute, president of the Ohio Farm Bureau Federation. Bradfute, a farmer, at Ohio State university. Mr. Bradfute was a member of President Wilson's first industrial conference.

Wood's Name Placed on  
Indiana Primary Ballot

[BY ASSOCIATED PRESS.]  
Indianapolis, Jan. 28.—General Leonard Wood has been placed on the Indiana primary ballot today as being a republican candidate for nomination for the presidency of the United States. The action follows the withdrawal of Gov. James P. Goodrich of Indiana as a candidate for the office.

Ancient Order of Gleaners  
Opens Annual Convention

[BY ASSOCIATED PRESS.]  
Kalamazoo, Mich., Jan. 28.—The Ancient Order of Gleaners opened its annual convention here today with nearly two thousand delegates from 34 states in attendance. Speakers dealt chiefly with the relation of present industrial and commercial condition to agricultural interests.

## WOULD WED

Lease Sprague and Margaret M. Oldenburg, Beloit, applied at the county clerk's office here yesterday for a license to marry.

Roomer Makes Away  
With Saxophone,  
Tax Money, Charge

That an honest face may camouflage a dishonest heart is the belief of Mrs. Robert L. Erier, 320 South Academy street, who, with her faith in human nature shaken, today mourns the loss of cash and clothing to the value of \$125 which she declares was stolen from her by her trusted roomer.

Police in surrounding cities have been asked to institute a search for one L. M. Robinson, who, up to the time he left the city was a trusted employee of the Samson company. He had a room at the Erier home.

ALL TEAMS REMAIN  
ON DUTY IN DRIVE  
FOR HOTEL FUNDS

HOWE AND LOVEJOY  
START FIGHT AGAINST  
INCOME ASSESSMENTSeek Court Ruling on Taylor's  
Figures—Approximately  
\$50,000 Involved.

Asserting that they have been over-assessed on their income taxes for 1918, and asking that the decision of the county board of review and the state tax commission be examined by the circuit court, Thomas O. Howe and Henry S. Lovejoy have filed separate petitions for writs of certiorari with Jesse Earle, clerk of court. Their action is expected to be followed by a number of other local men, all stockholders in Janesville Machine company, city treasurer George Nienichow, meantime, has been ordered to hold up collection of taxes until a decision is made.

Mr. Howe was assessed \$32,575.58 and Mr. Lovejoy \$18,751.03 by Tax Assessor Frank L. Taylor. Both appealed to the board of review which sustained Assessor Taylor. A second appeal, made to the state commission, also upheld Mr. Taylor.

The case involves matters of corporation law brought about when the assets of the Janesville Machine company were taken over by the Janesville Machine company. The stockholders being given an exchange of stock for par.

## Appeals for Aid

Washington, Jan. 28.—President Wilson today asked Secretary Glass to make another appeal to congress for authority to loan \$150,000,000 to Poland, Austria, and Armenia to relieve their desperate food situation.

The president wrote the secretary that it was "unthinkable" to him that the United States should withhold from the stricken people of those countries the assistance which could be given by "making available on credit a small portion of our exportable surplus of food."

REGRETS DELAY  
Declares It Is "Unthinkable"  
That U. S. Should With-  
hold Aid.

[BY ASSOCIATED PRESS.]  
Washington, Jan. 28.—President Wilson today asked Secretary Glass to make another appeal to congress for authority to loan \$150,000,000 to Poland, Austria, and Armenia to relieve their desperate food situation.

The president wrote the secretary that it was "unthinkable" to him that the United States should withhold from the stricken people of those countries the assistance which could be given by "making available on credit a small portion of our exportable surplus of food."

With considerable regret I have noticed from the press that congress is delaying the granting of authority to the extension of prompt and generous relief to the stricken portion of Europe, the urgency and importance of which, especially in respect to Poland, Austria, and Armenia, you have fully explained to the ways and means committee. It is unthinkable to me that we should withhold from those people who are in such mental and physical distress the assistance which can be given by making available on credit a small portion of our exportable surplus of food which would alleviate the situation.

"While I am sure that you must have explained fully to the ways and means committee the appalling situation in those parts of Europe where men, women and children are now dying of starvation and the need of aid for prompt relief, I beg of you that you make another appeal to congress.

TREATY FIGHTERS  
TAKE INVENTORY;  
MOVE TO SENATE

[BY ASSOCIATED PRESS.]  
Washington, Jan. 28.—Before senate committee on foreign relations today, the treaty fighters took inventory of the situation in those parts of Europe where men, women and children are now dying of starvation and the need of aid for prompt relief, I beg of you that you make another appeal to congress.

"While I am sure that you must have explained fully to the ways and means committee the appalling situation in those parts of Europe where men, women and children are now dying of starvation and the need of aid for prompt relief, I beg of you that you make another appeal to congress.

SELECTION OF JURY  
IN NEWBERRY TRIAL  
PROCEEDS TODAY

[BY ASSOCIATED PRESS.]  
Grand Rapids, Mich., Jan. 28.—Selection of a jury to determine the guilt or innocence of Senator Turman H. Newberry and 123 other Michigan political leaders was begun today. No further motions were offered by the defense and the proceedings progressed so rapidly that by noon one juror had been tentatively accepted by both sides, one man had been accepted for the jury. The jury will be sworn in this afternoon.

BANKERS URGED TO  
BOOST FARMING

[BY ASSOCIATED PRESS.]  
Chicago, Jan. 28.—An appeal for greater interest in agriculture by bankers of the United States was given out today by Richard S. Hawes, St. Louis, president of the American Bankers association.

"Nothing is more germane to the future happiness of America and the prosperity of its banking than increased scientific productions on the farm," said Mr. Hawes.

Bankers should lend every assistance to the development of scientific farming methods which will bring proper and adequate returns on labor and capital invested. The bankers must help solve every problem facing the rural communities because their prosperity is close to the whole future of the country."

BAKER PROTESTS SALE  
OF GERMAN SHIPS

[BY ASSOCIATED PRESS.]  
Washington, Jan. 28.—Protest by Secretary Baker against the sale of certain of the former German passenger liners will delay final action by the shipping board which today was considering bids submitted for the fleet of approximately 30 vessels.

In a letter to Chairman Payson, Secretary Baker has called attention to an agreement reached by the war department, the navy department, the department of commerce, and the shipping board, that certain of the vessels turned over to the board by the transport department should form an army transport reserve, subject to immediate withdrawal in case of emergency calling for use as transports.

Exhibit of Poultry and  
Pet Stock on in Appleton

[BY ASSOCIATED PRESS.]  
Appleton, Jan. 28.—The annual Fox River Valley Poultry and Pet Stock association show opens here today. It is expected that 1000 birds will be on display. The prizes this year are greater than ever before, aggregating about \$400. The display of rabbits will be one of the most ever arranged in this section of the state.

Cooperative Orchard Co.  
Increases Capital Stock

[BY ASSOCIATED PRESS.]  
Manitowish, Jan. 28.—The Co-operative Orchard company of Surgeon Bay, in which much local capital is interested, and of which James G. Martin is president, has increased its capital stock from \$100,000 to \$200,000. The papers were approved, improvements and increased capital is the purpose of the increased capitalization.

## GRUESOME DEATH PROVES MYSTERY

Stevens Point, Wis., Jan. 28.—The district attorney and coroner of Portage county joined yesterday in an investigation into one of the most gruesome death mysteries presented to this district.

The mystery grows from the discovery of a dead body of Mrs. Anna Stevens, 65 years old, on a railroad in the home of her son, John Busa, a farmer at Mill Creek, six miles from Stevens Point. Near her body was a broken kerosene lamp and an empty half pint flask bearing the label "medicated alcohol," and the red letter warning, "poison."

The aged woman's body lay partly on the landing and partly on the stairway with her head resting in a pool of blood. The body was covered with bruises and marks on the face indicated that she had been struck repeatedly with a heavy blunt instrument.

The son, John Busa, is in the county jail at this city following removal from the St. Michael's hospital, where he was said to be suffering from alcoholic poisoning.

An inquest probably will be held tomorrow.

## NATIONAL Y. W. C. A. WORK IS OUTLINED

An interesting talk on the national program of Y. W. C. A. work was given yesterday afternoon at Library hall by Mrs. Anna Tuxbury, a former secretary of the Y. W. C. A. in Japan. She gave a vivid picture of some of her fascinating experiences in that land, and spoke especially of the work of the Y. W. C. A. in the young girls who were employed at an early age in the cotton factories. The plan was made to help the people who have started Christian republic. The work of helping girls in other foreign countries was briefly touched upon.

With the slogan to make America American, she told of the problems being worked out among the foreigners in 50 social centers in this country, where the educational advantages were grouped under the term—International Institutes for the Foreign Born. She outlined the plans of work in this country which included a study of housing problems among the poor, the town and country work with its study of the girls isolated in the country, summer conferences for girls, plans for business and industrial girls, and many other minor activities besides the ordinary Y. W. C. A. buildings.

Mrs. Tuxbury was delayed so that it was past 4 o'clock before she arrived in town. Her address was 1000 Madison street. A good sized assembly heard her talk and was much impressed with a plan for the Y. W. C. A. to add the foreign born to its ranks. Mrs. Tuxbury, Mrs. A. Markham, and Mrs. P. C. Burpee are in charge of collections from Rock county.

## Whitewater News

[By Gazette Correspondent.]  
Whitewater, Jan. 27.—Miss Hazel Baker, Madison, visited here. Mrs. J. H. Calvert, this week. Mr. and Mrs. Henry Brown are visiting Mr. and Mrs. H. Baude for a few days. They go from here to spend some time in Alabama, before returning to their home near Spokan, Wash.

Mr. and Mrs. Ben Kregglin go today to California for an extended pleasure trip.

G. F. Cox left last night for Humboldt on business.

The Royal Neighbors hold their annual open installation meeting this evening at Woodman hall.

Mrs. L. R. Howard is in Madison today.

Mr. and Mrs. Leo Reider are in Janesville today.

## RATS AS WOMAN'S PETS

London, Eng.—The case of an Aylesbury woman, who has tamed rats which infest her house has been reported to the Bucks county council.

"The rats became as tame as fowls," said the rat officer "and she called them out to feed them. They can be seen daily climbing up the ivy."

## WAS AFRAID TO EAT. SHE STATES

"If I could speak with everybody personally who has stomach trouble I would urge them to take Tanlac for I have tried it myself and know what it will do," said Mrs. Jennie Miller, residing at 748, 28th Street, Milwaukee, recently.

"At the time I began taking Tanlac," she continued, "I had not been able to eat a meal in five or six weeks without suffering afterwards. Even the lightest and best cooked food would sour on my stomach causing gas and intense pain. This gas would often press on my heart until I could scarcely breathe and I would often just roll on the floor in agony thinking each breath would be my last. I had taken medicine and was so dizzy at times that I could hardly stand up. My food would sour almost as soon as I had eaten it and I had gotten to where I was simply afraid to eat on account of the misery it caused me. I remember how disappointed I always felt at Thanksgiving and Christmas times because I could not eat and enjoy these occasions like other people. Many a night I have stayed awake for hours in such pain that I could not sleep. For two or three days after a severe attack of this acute indigestion I would hurt all over as if I had been beaten with a stick."

"After seeing Tanlac so highly recommended by people right around me here in Milwaukee I up my mind to see if it would help me, too. Well, it has not only helped me, it has made me feel like an entirely different person. Why, all my stomach misery left me with the first bottle and I was soon eating just anything and everything without the least bad effects afterwards. I have taken six bottles of Tanlac now and without a backward, I will be able to enjoy my first Christmas dinner in five or six years for my stomach is in excellent condition and my appetite is fine. Why, I can get up at night and eat mince pie and cheese without the least fear of it hurting me. I can never praise Tanlac enough for what it has done for me."

Tanlac is sold in Janesville by all leading druggists.

THE GRANGE  
By J. S. Alexander.  
"Let's go to Grange," said Hunting Eye's farmer friend.  
"What's that?" asked the boy from the North Woods.  
"It is a secret order of the farmers of this district."

"What's a secret order?"  
"It is an organization of a number of people which has a secret ritual, secret signs, degrees, etc. You have heard of the Masons, Odd Fellows or Knights of Columbus. Well, the Grange is much like these, only different. These orders or lodges are largely for social purposes, although they give other benefits. Any one can be chosen to belong to them."

"But the Grange is made up only of farmers and their wives or persons who are working along agricultural lines. Nobody else can join. While the Grange aims to improve the social life of the farmer, it does other work as well."

"The Grangers in their meetings talk over the problems of farming. Sometimes they have persons from state agricultural colleges or experiment stations to talk to them on farm subjects. Sometimes they talk over general subjects not connected with farming."

"So the work of the Grange is educational."

"Weren't you ordering some sugar from the Grange the other day?"  
"Yes, I was ordering it through the Grange. The people in this Grange, as in many others, buy through the Grange. Sometimes we sell our products through it as well. Dealing this way in large quantities we are able to get better prices and to make better bargains."

"The Grange goes into politics now and then when some law is needed for the benefit of the farmers. It has never done this very much, but when it has done so it has brought about very good results."

By this time they arrived at the Grange hall. The grangers were very much pleased with the boy from the North Woods and insisted that he tell them something of the way farming was done among his people. (Tomorrow Mollie Price Cook will tell girls about it.)

## Brodhead News

[By Gazette Correspondent.]  
Brodhead, Jan. 27.—Washington Thompson passed away at his home in this city last night after an illness of short duration. Mr. Thompson had not been in good health for some years but it was not known that he was in a serious condition.

Mr. and Mrs. E. E. Coldren and Florence and George, were visitors in Janesville Monday.

Mrs. Walter Ramsey was a visitor in Beloit Monday.

Mr. and Mrs. Elmer Dedrick spent Monday in Janesville.

Rev. A. E. Frazer went to Madison Monday to visit Mrs. Frazer at the sanitarium. He found but little change in her condition.

Mr. and Mrs. E. H. Rodacker are the guests of relatives in Madison.

D. E. Austin visited in Janesville Monday.

Mr. J. J. Plesk was a business visitor in Beloit Monday.

Mr. and Mrs. Burrell Smith departed Saturday for their home in Medicine Hat, Alberta, after spending a week here at the home of Mr. and Mrs. Oliver Skinner and others.

Mrs. Fred Smith who has been visiting friends in the west, arrived home the last of last week.

Mrs. Marion Moore, teacher in a rural school, is having an enforced vacation on account of the prevailing epidemic.

W. W. Bagley, one of Jude's business men, spent Monday here on business.

## Whitewater News

[By Gazette Correspondent.]  
Whitewater, Jan. 27.—Miss Frances Porter, Waikeshia, spent the weekend with Miss Inez Godfrey.

Miss Edna Mumm entertained her sister from Milwaukee Sunday.

E. G. Lange, director of athletics at the normal, goes this week to Detroit where he has a responsible position with the Y. M. C. A.

The expiration of the term of H. O. Hamilton as agent at the normal leads to much speculation among the school people as to who will be regent. Mr. Hamilton has done so much to benefit the school that the Whitewater people would like to see him retained, but it is understood he is not a candidate for reappointment.

H. J. Olson has gone to Lawrence, Kansas, to take a position as foreman in a canning factory. His family will follow in a few weeks.

Miss Simonson, aged 87, died this morning at his home on Gravelly street.

MAGNOLIA  
[By Gazette Correspondent.]  
Magnolia, Jan. 26.—There will be no evening services at the A. C. church until the condition of the roads improve.

Ray Andrew, Belleville, was a business caller here Monday.

James Scott and Oscar Vick, Janesville, were business callers here the last of the week and stayed at the Glen Clark home.

The monthly Sunday School conference meets at the parsonage at 2 o'clock Saturday afternoon.

A. J. Wilson has quit hauling milk to Portville and the farmers are changing off hauling their milk.

Rev. A. J. Bolster, secretary and treasurer of the Western Advent Mission society, spoke at the A. C. church Sunday morning.

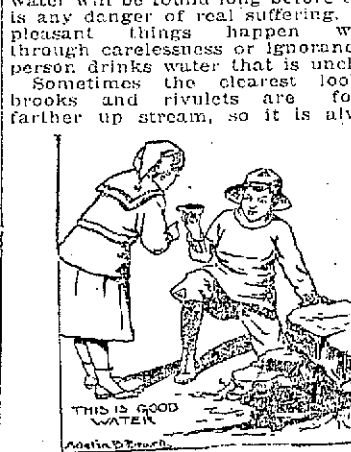

The condition of the roads makes it almost impossible for anyone to travel.

Lon Barringer is recovering from tonsillitis.

There will be no Helper's Union this week.

### Woodcraft for Outdoor Boys and Girls

BRINKING WATER  
By Adella Belle Beard  
Always take a drink of water before starting on a long hike, but if, even then, you become thirsty, it is better to put up with discomfort than to risk drinking doubtful water. Under ordinary circumstances, good water will be found long before there is any danger of real suffering. Unpleasant things happen when, through carelessness or ignorance, a person drinks water that is unclean. Sometimes the clearest looking brooks and rivulets are fouled farther up stream, so it is always

best to learn something about the country through which they pass before you sample them. I know a beautiful mountain road by the side of which runs a clear little stream, fed by many tiny waterfalls that come down the mountain side just above it. Water from ponds, lakes, and brooks, across the overhanging ferns throw deep, cool shadows and to a thirsty boy or girl it certainly looks good.

There is a summer colony with a number of cottages and into the pretty roadside brook drains all their sewage, poisoning the water and making it not only unfit, but deadly to drink.

Sometimes you can detect bad water by its color, but it has an unpleasant smell, don't touch it. To drink surface water is not safe; the water should come from under ground. Water from ponds, lakes, and rivers is always doubtful. Water covered with green scum is dangerous.

A spring just below a barn often sets the water of the barn. Water from an abandoned well is never safe. Snow, though pure, is not a good substitute for water, as it only increases your thirst seven-fold.

All this is told not to discourage, but to warn. It is an important part of Woodcraft to know what to avoid. There is plenty of wholesome water, and if you inquire about good springs along the route you are to take, you will probably learn of several.

In case you must drink doubtful water, always purify it by boiling. (Dr. Angell will tell boys how to do so when they are out on a hike.)

## Rural School News

Newark Center school has hit upon a novel scheme in serving lunch. The pupils are taking a trip around the world each noon serving a food of the country which they are visiting. Last Monday, France was visited and French fried potatoes served. Tuesday it was Germany, creamed cabbage being the dish. Wednesday, Holland, bread and milk being served. Thursday, the natives were served, Ireland being visited; and Friday, Iceland was studied with oatmeal being served.

Junior Red Cross memberships have been reported by Miss Bessie Cunningham, district 6 Fulton and Mrs. Ella Dunbar, district 8, Plymouth.

White Star school joint district 2. Porter and Center has been closed because of illness of pupils and the teacher, Miss Agnes McIntyre.

BAN WOMEN CLERKS  
London, Eng.—Bank clerks' guilds which are about to take up the question of salaries and working conditions, consider that the services of women clerks should be dispensed with entirely, now that there is no shortage of male labor.

After Eating Play Safe  
It is a Wise Precaution to Take a Stuart's Dyspepsia Tablet - After Eating to Avoid Gas, Sour Risings, Heartburn, and the Lazy, Lory Feeling So Apt to Follow.

The range of food is so great, its preparation varies so widely, that few stomachs are strong enough to grapple with all conditions of restaurants, hotels, clubs, depots, and banquets. The safe plan is to be provided with Stuart's Dyspepsia Tablets, that you may eat rich and palatable food served or selected and not be troubled with gas, sour risings or such forms of indigestion. These tablets digest food, they assist the stomach secretions and for this reason people who travel away from home and must eat as it is served may play safe by taking one or two Stuart's Dyspepsia Tablets after each meal.

You can get these tablets in any drug store anywhere in the United States or Canada, which shows in what general favor they are among those who have learned how to enjoy their meals.

"Now Its Back to Work and No Chance for Indigestion With These Stuart's Dyspepsia Tablets."

## TERRIBLE TESSIE

By Probasco.

## ST. PAUL TO USE ELECTRIC ENGINES

The most powerful electric passenger locomotive in the world is soon to be placed in service on the Harlowton, Mont.-Avery, Idaho, division of the Chicago, Milwaukee and St. Paul railway. It is the first of ten to be built by the East Pittsburg works of the Westinghouse Electric company.

With a total weight of 275 tons and a length over all of 88 feet and seven inches, the giant locomotive will be able to haul the famous Columbian and Olympian, 12 steel Pullman trains, at a speed of 65 to 70 miles an hour on level grades and 30 miles an hour on steep and curving ones.

The engine will have a 4200 horsepower and a motive effort of 66,000 pounds. Perfectly adjusted, the engine has unequaled tracking qualities, flexible and easy. Its construction follows the trend of modern engineering, with many features at higher average speeds with reliability and safety of operation.

Construction of these monster locomotives presented many special problems to the engineers and shopmen. To speed up the work, a portion of the engineering department was moved to the shop where drawings could be made quickly and close cooperation with the builders had. More than 200 persons were directly used in the construction.

Increased Pay for Service Men Considered in Senate  
[By Associated Press.]  
Washington, Jan. 28.—The senate again today had under consideration the bill providing increased pay for officers and enlisted men of the army, navy and Marine corps, coast guard, and public health services. Discussion of the measure was interrupted yesterday by the lack of a quorum which failed to produce.

Senator Wadsworth, New York, chairman of the military committee, announced that he would attempt to report to the senate today the army reorganization bill with its universal training provision.

Marquette, Jan. 28.—Herlan Scheidt, Thunder Mountain, has been awarded a compensation of \$1,544.43 from the town of Stephenson by the state industrial commission for the loss of an eye due to an accidental shooting. Scheidt was employed grading a road for the town at the time of the accident. He was struck in the eye by a shot fired at a target. The town of Stephenson disclaimed responsibility on the ground that he was not injured while on duty.

Street Railway Service Is Suspended Due to Strike  
Columbia, S. C., Jan. 28.—Street railway service was suspended here today as a result of a strike of the employees of the Columbia Railway Gas and Electric company. The company refused to grant demands of the union and contractors that a "closed shop" clause be inserted in the new contract.

SOCIETY  
PERSONALS

## SOCIAL EVENTS

Miss Florence P. Kenne, only daughter of Mr. and Mrs. George A. Kenne, 222 North Franklin street, and Officer Thomas C. King of the local police force, were united in marriage by Rev. R. J. Harris at the Methodist parsonage, at 4 o'clock yesterday afternoon.

The bride was attired in a blue suit, with hat and carried a bouquet of white carnations. Miss Elizabeth Gunlock acted as bridesmaid and John H. Ditzler as best man.

Mr. and Mrs. King will make their home with the bride's parents. They will be at home after Feb. 1.

Miss Irma Menck, East Milwaukee street, gave a company last Saturday afternoon. Several young women were invited. Tea was served in the afternoon. The affair was given in honor of Mrs. C. Gundel, however, who is a guest in this city for a few days.

Mrs. J. W. Blow, South River street, was hostess Tuesday to a women's club. Carvers were placed at two tables, and a supper served at 6:30.

A birthday party was given yesterday afternoon by the home department of the Methodist church for Miss Ella Duthie at her home. A social hour was spent. Refreshments were served in charge of Mrs. E. P. Hookings.

The Century Yacht club, which was to have met today, has been postponed until next week on account of illness in the families of some of the members.

The club that was to have met at the home of Mrs. C. S. Jackman, East street, has been postponed until later.

Mrs. H. R. Rowe, 226 Park street, was hostess today to twelve friends who are members of a club. "Ping Pong" was played. Mrs. Rowe served a tea at 5:30. This club was formed to promote a social get-together afternoon every two weeks.

Mrs. Kenneth Jeffris, 1226 Ruger avenue, was hostess today to a club. A one o'clock luncheon was served. In the afternoon a game of bridge was enjoyed.

A party of young people from Milwaukee came to the city last evening to attend the Macdowell club concert given at the Congregational church. A hot lunch was served at a downtown cafe after the concert.

The B. Y. club will meet Friday evening with Miss Emily Wilbur, 316 School street.

Mrs. Frederick Gardner, Beloit, under the auspices of the Macdowell club, will give a tree recital at Library hall at 3 o'clock Thursday afternoon. This public is invited.

The Young People's society of the First Lutheran church, will meet Thursday evening in the church parlors. Miss Grace Jacobson and Carrie Nelson will entertain. A good program will be given and refreshments served. Everybody is welcome.

The Sun Flower Dancing club will meet this evening at East Side I. O. O. F. hall.

## CLUBS AND SOCIETIES

Willing Workers of the First Christian church will hold an all-day social at the church Thursday.

Circle No. 6, M. E. church, will meet at 2:30 p. m. Friday with Mrs. E. C. Hanson, 1014 Clark street.

A chicken pie dinner will be served at the Federated church from 11-1 Thursday.

Circle No. 1, M. E. church, will meet with Mrs. G. B. Townsend, 1402 Pleasant street at 2:30 Friday afternoon.

## PERSONALS

Mrs. D. K. Morrissey, 214 Center street, is spending a few days in Milwaukee.

Mr. and Mrs. J. W. Davison, Minneapolis, have welcomed a son to their home. They are former residents of this city.

P. F. Lewis entertained Terry Ferrell, Wichita, Kansas, and Arthur Klein, Newark, N. J., over night at his home, 115 Jackson street. They gave a part of the Macdowell club program Tuesday evening.

Mrs. J. F. Fember, 103 South Jackson street, who has been in Mercy hospital, is rapidly convalescing. She returned home yesterday. W. Flaherty is ill at his home on Academy street.

Miss Ruth Hutchinson, Los Angeles, Calif., who appeared on the Macdowell club program last evening, was the overnight guest of Mr. and Mrs. J. J. Wilcox, 615 South Second street.

Harvey Griffith attended the funeral of his grandmother, Mrs. Louise Hanson (Hanson) Sunday. Her sister, Maxine, returned home with him. They have been spending several days in Lunters. Joe Doub, Sharon, was a Monday visitor in Janesville.

Mr. and Mrs. George Williams, Rockford, are spending a part of the week in this city with friends.

Mrs. Frank Jackman, Sinclair street, has returned from a Chicago visit at the home of Mr. and Mrs. David Jeffris.

John Friedman, Middleton, was a Janesville business visitor Tuesday. Leo Perry, Grand Hotel, is home from an over Sunday visit in Milwaukee.

Stuart Lamb, son of Mr. and Mrs. J. A. Lamb, Milton avenue, has returned to the University of Wisconsin, after a week-end visit at home.

George Gimmon, Jefferson, was the over Sunday guest of friends in this city.

Miss Kathryn Boynton, Avon, is spending a part of the week at the home of her aunt, Mrs. J. R. Duthie, 1195 Ruger avenue, Evansville, Ill., is spending the week with friends in this city.

Mrs. Anna McNeil came down from Madison to spend a few days at the Grand Hotel.

Mr. and Mrs. George Mason, Highland Park, Ill., have returned home. They have been spending several days the guests of friends in Janesville.

Mr. and Mrs. J. H. McVicar, South Third street, are home from a visit with Chicago relatives.

Nelson Frances, Wisconsin street, who underwent an operation at Mercy hospital recently, is much improved. He returned home Tuesday.

Arthur Harris and Fred Capelle

## DRIVE STARTED FOR

## PIG CLUB MEMBERS

Notices are being sent today to all rural schools in the county by County Agent R. T. Glasco in an endeavor to boost the membership of the Boys' and Girls' Pig club and also the Boys' and Girls' Soap club. Membership is limited to the ages 11 to 18, inclusive.

Those who become members will be furnished with a brood sow, or a brood ewe, according to the club chosen. In payment, the applicant may give a note for the value of the animal, payable in nine months at the rate of 6 percent.

Each member is to keep a record of his animals, especially of the amount of feed used, and be ready to report whenever called upon. The breed desired may be designated, choice of pigs being from Duroc Jersey, Poland China or Chester White. In the event it is found that the animals are not being properly cared for, the committee in charge has the authority to take them away. Suitable awards will be made on a point system. One rule of the clubs is that each member must exhibit his stock at Janesville on a date to be selected by the committee.

The pig club is being financed by the Merchants' and Savings bank of this city; the sheep club by the Rock County National bank.

A MARKET FOR MILK

Bring your milk here and get highest market prices. Free weighing and business visitors to customers who bring their milk here. We pay Association top prices.

BAYS CREAMERY CO.

Evansville News

(By Gazette Correspondent.)

Evansville, Jan. 28.—A 7 and a half pound son arrived at the home of Mr. and Mrs. Martin Broderick on East Main street yesterday morning.

Charles Parker, Madison, a former Evansville resident, was a business visitor here yesterday.

The J. V. Y. club met last night with Milford Dake.

Robert Brown, New York City, was a business visitor here yesterday. He came to attend the annual stockholders' meeting of the Baker Manufacturing company.

Richard Vance, Joliet, Ill., was a visitor at the C. J. Pearson home Sunday.

E. H. Garrett, Chicago, is spending a few days with friends here.

L. M. Ames, Brooklyn, was an Evansville business visitor yesterday.

Henry C. Schneider, Beloit, visited his brother, William C. Schneider, and attended the annual meeting of the Baker Manufacturing company last night.

Mrs. Ed. Matlock, Foorville, visited at the home of her brother, G. L. McCoy, yesterday.

Kay Eckerd has purchased the E. C. Garrett house on Main street, now occupied by Mrs. Helen Greenwood and family.

Miss Mary Holt and Mrs. Lucella Libby are going to give a "merry-go-round" at the home of the latter Friday afternoon.

Don't fail to attend the big Masquerade Dance for married folks in the I. O. O. F. hall Thursday evening, Jan. 29. Good music. Alaska can be purchased at the Pioneer Drug Store. Dancing 9 to 1. Admission 75 cents. All married couples invited to attend. Prizes will be given for the best couple and the funniest costume.

WE WANT MILK

Bring your milk here. You will get your check at the end of the month. We give whey for feeding purposes.

WIRE TICKS

Peking.—Advices from Harbin say revolutionary forces at Nijne-Udinsk, 300 miles northwest of Irkutsk, have been defeated by Siberian troops and the soviet government driven out of town.

Cheyenne.—The Wyoming legislature has passed a bill for the federal woman suffrage amendment.

Miami.—The navy seaplane which was many hours overdue on a flight between the Bahama Islands and Palm Beach, Fla., has drifted ashore near Vero, north of here, with all members aboard safe.

Delhi.—The Indian government has prohibited enemy aliens from entering India.

London.—George Nicoll Barnes, minister without portfolio, has resigned from the cabinet.

Washington.—Henry P. Fletcher has resigned as United States ambassador to Mexico to take effect within several weeks.

Washington.—The second meeting of the League of the League of Nations will be held in London probably February 10, according to advices here.

Washington.—The 249 radicals deported from the United States have reached Petrograd and are quarantined in Sanitary Institute according to a cable from Emma Goldman.

CATHOLICS PROTEST IRISH SCHOOL BILL

Maynooth, Ireland, Jan. 28.—Strong condemnation of the proposed Irish education bill was expressed today at the assembly here of the cardinal, archbishops, and bishops.

Speakers described the measure as the most demoralizing scheme put forward for Ireland since the act of 1907. They declared that until Ireland was governing herself an attempt to abolish the existing boards of education as proposed by this bill would be considered as the measure deprived the clergy of control. If it were put in force it was insisted, it would be the duty of the hierarchy to instruct catholic parents regarding the education of their children.

ALL HOLSTEINS TO BE LISTED

In an effort to push Rock county and a Holstein center and attract outside buyers here to look over cattle, County Agent R. T. Glasco has sent questionnaires to the 475 Holstein breeders in the county asking them to give him assistance in listing the animals. He said today that several agents will be here within a few days for the purpose of making purchases.

MILK CHECKS

You get your milk check promptly and have the full amount each month from Bays Creamery. We offer you a steady market at top prices and give free whey to our customers.

BAYS CREAMERY CO.

Wife of "Mystery Prof." Not After Divorce

Madison, Jan. 28.—No divorce proceedings have been started in circuit court by Mrs. Donald C. Kleister, wife of the "mystery professor," nor has E. J. B. Schubring, bringing Madison attorney, been engaged as Mrs. Kleister's lawyer, according to information this morning from the offices of Mr. Schubring.

The Milwaukee Sentinel this morning stated that Mrs. Kleister had instituted proceedings in the Dane county circuit court at Madison, that Mr. Schubring was her attorney and that the action named was "Mie Meyers," Milwaukee, as co-respondent.

## WITH THE WOMEN OF TODAY

Miss Katherine Sampson, left, and Linda Schroeder. The upper photograph shows the two girls pitching hay on a Nebraska ranch.

Until we got a letter from a school miss in East Northfield, Mass., we found it almost impossible to get reliable news. It was more than satisfied with the girls and wants us all back in the spring.

Both the girls are agreed that the work is hard and the hours long, but they claim that they never "had so much fun before." They urge every girl to spend her vacation on a ranch. If possible, "Farm work is a great antidote for a winter at school and the school girl and the school teacher, both of whom have such long vacations, should take it in large doses," is the opinion of Miss Schroeder.

ODD BITS ABOUT WOMEN

Mrs. Charlotte Patten, widow of Capt. Patten of Port Arthur, Texas, is said to be the only woman who ever taught navigation for the United States navy. As a circumnavigator, Mrs. Patten probably holds the record for women, having circled the globe no less than 25 times.

Miss Cecilia P. Bass, Philadelphia's youngest woman lawyer, recently sworn into the federal court and later received a position as a clerk in the United States district courts, is believed to be the youngest woman lawyer in the United States.

John Hendon operates a factory in New York employing 125 people who make dolls exclusively. His sales now amount to about \$200,000 yearly.

Branch at Badger Drug Co.—Baker's Old Stand

The Gazette branch which for a number of years has been established at J. P. Baker's, Cor. W. Milwaukee & Franklin Sts., is continued at the same location under the supervision of the Badger Drug Co., who have taken over the store.

Copy for classified advertisements, orders for papers, subscriptions and matters of this nature, as well as items of news may be left at the Badger Drug Co., and will receive the same attention as if they were sent direct to the office.

## SMALL CLUB SETS RECORD IN DRIVE

A club in the city with a membership of nine young women has banished the idea that small lodges cannot afford to support an orphan. Monday evening members adopted an orphan which means that they will have to raise \$60 in a limited membership. Members of the Near East Relief committee said today that they believed this example of sacrifice would assure the success of the drive for 248 orphans in this county which begins Monday and ends Feb. 22.

The organization is known as the Monday Night club. The decision to adopt an orphan was reached at the regular meeting at the home of Mrs. Otto Lukka.

Rev. W. W. Willard, First Congregational church, Beloit, has been appointed chairman for that city.

There are 450,000 helpless, starving little orphans in Armenia now with no one to look to for aid but America. If the generous people of this country fall into they will aid in the future hope of Armenia as a nation will be destroyed.

Governor E. L. Phillip of Wisconsin urges the people throughout the state to support this campaign. "If we let these people perish, we will be completing the work the Turks set out to do," he stresses.

Seventeen cents a day will sustain a child for twenty-four hours. The sum of \$5.00 will keep life in its little body for a month. The sum of \$10.00 will keep it well and nourished for a year.

BEGIN CENSUS OF COUNTY'S CATTLE

Questionnaires in the cattle census of Rock county are being sent to all rural school teachers according to R. T. Glasco, county agent, through the assistance of O. D. Antislid, county superintendent of schools. The purpose of this movement is to learn how many head of cattle are being used and to educate the farmers to the value of getting rid of scrubs. School children will aid in the campaign.

Fifteen questions are asked of the farmer designed to form a complete file of information. They cover the number of cows on each farm, their breed, the number of bulls with their pedigree and age.

FROM COUNTY TAKE SHORT COURSE

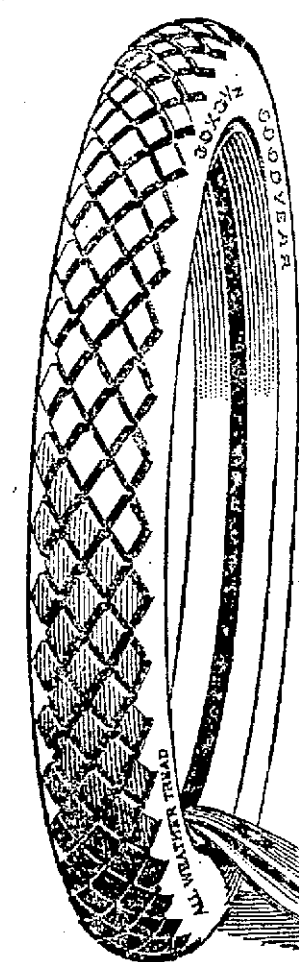

Four hundred students from 60 Wisconsin counties, eight of them from Rock county make up the record breaking attendance in the short course of agriculture at the university of Wisconsin. The course is so arranged as to give the students an idea of the science upon which successful agriculture is based. The principles and improved practices of good farming are explained.

## Goodyear Leadership—and Tires for Small Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for small cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3, 30x3½, and 31x4-inch sizes.

Last year more small cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

61

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size in waterproof bag \$3.90

### THE GAZETTE'S PLATFORM FOR JANEVILLE AND ROCK COUNTY.

#### Community Betterments to which this Newspaper is Pledged.

An adequate and modern hotel.  
A community building containing an auditorium, woman's rest room, and memorial hall for soldiers, sailors and nurses.  
Traffic regulations which will reduce danger on streets to the minimum.  
A street car service which will answer the needs of an increasing population.  
Improved streets in the city and better roads in the country.  
A survey of the housing situation with a view of discouraging exorbitant rentals for both rooms and houses.  
Careful appraisal of property, particularly that of those who have increased their rentals, so that they may pay their fair share of the taxes.  
A livestock pavilion at the fair grounds to be used in promoting the county's endowment to take first place in the state as a stock producing center.  
An indoor swimming center, in which dance and sporting events may be held.  
More parks and playgrounds for use of the entire community.  
Protected ice-skating rinks for children.

#### RECREATION FOR GIRLS

As the city becomes more congested with increasing population the problem of the working girl becomes more perplexed. Hundreds of families have opened their homes to the newcomers and are providing as much comfort as possible under the circumstances. Many citizens are doing this in a spirit of helping the city to round itself into shape for additional thousands of men and women who have come here to work. Special effort has been made to accommodate the men and women who have come to the Samson plant.

The mere provision for a place to sleep is not enough, especially for the young women who make up a great percentage of our business and industrial life. They should have some sort of a community center where they can spend their leisure, where they can indulge in mental and physical recreation. On various occasions the matter of providing a community building for them has been talked over—and then let drop.

The project of establishing a Young Women's Christian association has been considered but definite steps have never been taken. Employers of girls could well afford to start a fund to build such a place. They would have the co-operation of those who are interested in the welfare of the young women and in the future of the city. Perhaps one of the strongest influences which could be set to work would be the girls themselves. They are limited in their recreation facilities and a majority of them do not live under ideal conditions, although those from whom they rent rooms no doubt do all in their power to make them comfortable.

The situation as concerns the woman worker will not grow better as the city increases in population and it would seem this is the time to start a movement for some definite preliminary work. Perhaps a meeting of those interested—the employers, welfare workers and some of the girls themselves—would bring good results as a starter.

It is only a question of time when Janesville will have to take definite steps in this direction and this seems as appropriate as any.

#### NO "ASYLUM" FOR HIS VICTIMS

The former kaiser of Germany recognized no rights of safety for women and children of his opponents during the war, and so the people will continue to recognize no right of asylum for him. They will ask what Holland would do in the case of a demand upon her for surrender of an ordinary murderer, who would seek to use her as a haven, and, holding to "equality before the law," they will recognize no difference in principle between the cases of an untitled assassin and a titled one. They are in no mood to show lenience to a man who sanctioned the drowning of women and children without warning or the turning of long-range guns upon worshippers in churches. After his breaking of every law designed for the safety of humanity, they will refuse to believe that the spirit of law, of justice, has no means of reaching him.

So Holland's refusal to surrender the titled assassin only marks the opening of the battle to get him. Who has so small regard for the intelligence and character of the people as to believe, after their demanding for five years that the chief pietist against them be brought to punishment, that they would retreat on the first puff of opposition? After their triumphant flight against the old notion of "divine right of kings," they will scarcely allow that fiction to defeat them in the end.

While there are precedents enough for making tyrants pay the penalty, the people are not much concerned for precedents in dealing with this case. Were there no precedents they would have no hesitancy about establishing one. They have no patience with those who ignore the mob violence of the Hohenzollerns, and treat as advocates the monsters who inaugurated a reign of terrorism. Let every energy of the representatives of democracy be concentrated upon bringing the "royal rioters" to justice instead of allowing any to be devoted to shielding them.

#### PERSONAL LIBERTY

A Dayton, Ohio, dispatch recites a series of remarkable incidents in that city, just come to a head in the police court, which we take pleasure in setting forth for the benefit of those who contend that prohibition infringes upon personal liberty.

It appears that a Dayton woman on Christmas presented her husband with a quart of strong liquor. The husband after partaking freely tore down the Christmas tree and blacked his wife's eyes. The police court judge gave him thirty days and he gave the judge a piece of his mind, whereupon he was rearrested for contempt and on Monday was given two months on that charge.

#### GOOD MUSIC A STABILIZER

Those who were fortunate enough to hear the concert given under the auspices of the MacDowell club at the Federated church last evening, enjoyed a rare treat. Without doubt the artists who appeared on the program will be heard from later as musicians of considerable renown. The MacDowell club as well as the Apollo club, is giving a service to the community which is of considerable importance and as time passes we shall more generally appreciate the effort on the part

## JUST FOLKS

Edgar A. Guest

It's the laughter of the children that Old Glory guarantees.

It's the safety of our women on the land and on the seas.

It's the little homes we're building and the peace that evening brings.

That the flag above is shielding, and a thousand other things.

Oh, don't you catch the vision that is shining through its folds?

Can't you see the glorious future that our Starry Banner holds?

Don't you see the glad tomorrows for this nation of the free?

And the happy men and women that your children are to be?

You shall never know contentment save that flag is over head.

If you turn from it and scorn it you shall dine on bitter bread.

It's your promise to your children that when you are dead and gone.

They shall have a wise protector and in safety journey on.

Guard the flag that flies above you, true to God and true to man.

Stand forever at its service, deaf to every cruel clan!

For there is no dream you cherish, and no deed you hope to do.

But Old Glory in its beauty guarantees to yours and you.

of those directly responsible for the splendid talent provided for our entertainment. The desire for good music is a hopeful indication in any community and the building in of a greater appreciation is largely a matter of continuous effort. The organization of the Glee club here is but an expression of that craving for good music. There should be a time not far distant when, with a municipal auditorium in Janesville, good music can be provided so that the people may have full opportunity to listen to the best in music. A band or other musical organization well drilled under the head of a municipal paid director, would prove a large asset to the well-being of our citizenship. Good music is a great stabilizer. It is worth cultivating here in Janesville. We can afford to encourage every effort to elevate the standard.

If we base our preference between war and peace on prices, then let us go to war with someone.

Cost plus equals graft in the Department of Justice arithmetic applied to some ship contracts.

It seems that the interim between notes to Mexico has grown incalculably long.

Those who prefer action to money are getting it in the stock market.

The new styles in waxes was inaugurated at Barley-corn's.

## Their Opinions

Farm hands in South America who were supposed to strike, failed to do so when the time came. Somehow the daily contact with the soil seems to tend to make a man a bit conservative and solid in his disposition.—Lansing State Journal.

It is now understood that President Wilson is definitely out of the field as a candidate for re-nomination for president—but it is not believed that he knows it at present.—Superior Telegram.

Rhode Island says, she didn't vote for prohibition and doesn't want it. Well, South Carolina didn't want to stay in the Union either, but she did and now she's glad of it.—Antigo Journal.

What is the government doing as to enabling the returned soldiers to earn a living, especially the disabled ones? Something practical is needed with less talk.—Racine Journal-News.

The public will pay baseball players \$20,000 while college professors get \$2,000 and then complain because things go wrong in this country for lack of education.—Marionette Eagle Star.

We do not like the new president of France because we flattered ourselves on being fairly adept in the pronunciation of Clemenceau's name.

The sultan of Turkey is reported as complaining that his country got into the war on the wrong side. The usual fate of the opportunist.

General Pershing again emphatically denies that he seeks the presidency. He seems to be determined to retain his popularity.

## Backward Glances

#### FORTY YEARS AGO.

Jan. 28, 1880.—Miss Ida Carter, daughter of Mr. and Mrs. Guy Carter of this city, and Wilson Lane, of Charles City, Iowa, were happily married this afternoon at the home of the bride's parents. They will reside in Charles City.—Mr. Robbins remains the same.—Mrs. J. T. Wright was elected president of the W. C. T. U. at their meeting last night.

#### THIRTY YEARS AGO.

Jan. 28, 1890.—The regular fortnightly meeting of the common council was held last night at the city hall. Alderman Jackman, Baker and Hanthorn were appointed on a sewerage committee on a statement that the city needed a more complete sewerage system. The Light Infantry will give a masquerade tonight at the armory.

#### TWENTY YEARS AGO.

Jan. 28, 1910.—Sunday.

#### TEN YEARS AGO.

Jan. 28, 1910.—The special meeting of the council which was called by Mayor W. F. Carle, for tonight, has been called off. The mayor decided that the business could be done at the regular meeting Monday night.—Over 400 people attended the annual banquet of the K. of C. last night in the armory. A program was presented.

## Cure for Commotion

By FREDERIC J. HASKIN, Director

Janesville Daily Gazette Information Bureau,  
Washington, D. C.

Washington, Jan. 28.—If any great catastrophe, physical or mental, has ever occurred that you are unable to pick up your life and carry it on again, you are the victim of a new disease called commotion. You have commotioned. The term "commotioned" is one which scientists have coined to take the place of the term "shell-shock," which we heard so much during the war. Every man who had been nervously or mentally, rather than physically, injured by the stress of a war, or by the stress of a case of shell-shock. The French, English and American doctors found toward the end of the struggle that they could not cure a case of shell-shock, provided the patient was reasonably willing to be cured. They did not use medicine. They simply placed the patient in a favorable environment to counteract the effects of the unfavorable one which had injured him. The patient was placed in a military life, furnished many cases of shell-shock. Since the shocks are not in any way connected with shells, the term "shell-shock" is a misnomer. The commotioned individuals of business and industry can be cured just as surely as the nearly always cured a case of shell-shock, provided the patient was reasonably willing to be cured. They did not use medicine. They simply placed the patient in a favorable environment to counteract the effects of the unfavorable one which had injured him. The patient was placed in a military life, furnished many cases of shell-shock. Since the shocks are not in any way connected with shells, the term "shell-shock" is a misnomer. The commotioned individuals of business and industry can be cured just as surely as the nearly always cured a case of shell-shock, provided the patient was reasonably willing to be cured. They did not use medicine. They simply placed the patient in a favorable environment to counteract the effects of the unfavorable one which had injured him. # The Heavens in February

(By DR. C. S. BRAININ)  
Columbia University Observatory Staff.

By DR. C. S. BRAININ,  
Of the Columbia University  
Observatory Staff.

We have the great pleasure this month of adding to the 9 o'clock star map, a wonderful ringed planet Saturn, which will be found low over the eastern horizon. Jupiter, the largest, and next to Venus, the brightest of all the planets, found a place on last month's map and by now has attained a considerable altitude above the horizon at map time. These two planets will be found in the general neighborhood of Regulus. They can easily be distinguished. Jupiter is the brightest and the lightest in the sky; then comes Regulus and finally Saturn. The two planets, of course, can be told from the star by their steady, unflinching light.

Just above Jupiter is shown the position of the farthest planet from us, Neptune, which is too dim to be observed either with the naked eye or with small telescopes. For its brightness is only equal to that of a seventh-magnitude star. Mars also is an evening star now, rising about

two hours too late to appear on the map; but it can be observed about midnight near the bright star Spica in Virgo. Venus is the only morning star at present.

That magnificent tract of sky containing Orion, Taurus, the two Dogs and the Twins, with all their many brilliant stars, will now be found lying between the thin and dusky southern horizon and Capella of Auriga, is practically in the zenith itself. The entire constellation of Leo, the Lion, is now above the horizon, the upper or western end being marked by Regulus. With Regulus as a handle and stretching toward the north will be found a group of stars which trace out with good likeness the form of a sickle and are known by the latter name. They are, of course, a part of Leo. Regulus, though one of the brightest of first-magnitude stars, was one of the most venerated by the ancients, for it marked practically the position occupied by the sun at the hottest time of the year. Today this is, however, not the case, because the phenomenon known as the precession of the equinoxes has changed the position of the equator so as to make the sun occupy a position in Cancer at that time of Leo is Denebola, the next brightest star of the group, of a bluish white color, which, judging by the comments of the ancient astronomers, was probably considered brighter than it is now. It is approaching the earth at the rate of 15 miles per second and is about 33 light years away. In intrinsic brilliancy it is about 10 miles as great as our sun. In the constellation it represents the lion's tail and for some reason was considered an unlucky star by the astrologers.

Gamma Leonis, the third brightest of the group, will be found just north of Regulus; it is a beautiful double star, which can be separated in a small telescope.

In one of the German publications, which have recently begun to arrive in this country, we have found a new list of star temperatures, which will be of interest and which we take the liberty of reproducing here. The temperatures are given in Centigrade degrees; multiply by 9-5 to find practically the equivalent Fahrenheit degrees:

## News Notes From Movieland

—BY DAISY DEAN—

Left to right, Carter de Haven, Jr., Mary Pickford Rupp, George Behan, Jr. and Marjorie de Haven.

Everybody has heard about the "Big Four" in Hollywood. They all know a lot about Mary Pickford, Douglas Fairbanks, Charlie Chaplin and David Wark Griffith, but here's the first story about a rival combination, "The Little Four."

The members of the "Little Four" range in age from three to 10 years, and their mothers and daddies are among the foremost players in the cinema realm.

The formation of the "Little Four" occurred recently at the Los Angeles home of Mary Pickford. The personnel of the new organization is as follows: Mary Pickford Rupp, president. Miss Rupp admits she is three years of age and further states that she is Lottie Pickford's daughter and Mary Pickford is her auntie. Carter de Haven, Jr., son of Mr. and Mrs. Carter de Haven, of comedy fame, is secretary. George Behan, Jr., son of the noted producer-director, is auditor.

Articles of incorporation were signed over ice cones, after which a cross rehearsal of a business meeting took place, each member imitating the actions of those who constitute the "Big Four," much to the amusement of their elders who were interested spectators.

—C—  
FLORA FINCH "COMES BACK"  
Screen fans throughout the coun-

try welcomed back with great glee an old comedy favorite recently in Flora Finch, one of J. Stuart Blackton's finds in the early Vitaphone days, in her appearance in "Dawn," a comedy. Blackton's release through Pathe.

**"THE INVISIBLE HAND"**  
Antonio Moreno, having utilized the possibilities of land and air for the performance of stunts in his new Vitaphone serial, "The Invisible Hand," has donned a diving suit and sought locations under the water. This action is being photographed for the tenth and eleventh episodes of the chapter play.

**FOR MISS FARRAR**  
The next Goldwyn picture starring Farrar is by no means a person than Pierre Louys, author of the book "Aphrodite," from which the play was taken which has proved a sensation in New York. "The Woman and the Puppet" is the name of the Goldwyn picture. It created a furore in Paris when published as a novel.

**WHY BOY IS NOT THRASHED**  
London, Eng.—"His father thinks that if you knock one devil out you will let in two," declared a English woman named Kideout, when the school attendance officer suggested that her boy, aged 13, should be thrashed for not attending school. The father attempted to take the boy to school one day, but the only one to reach the school was the boy, who had been thrashed. A hiring of a shilling failed to induce the boy to attend.

The magistrates, finding the father \$1.50 in arrears in the view of the school attendance officer that the boy was master of the situation.

**FOR ITCHING TORTURE**  
Use Antiseptic Liquid Zemo

There is one remedy that seldom fails to stop itching and relieve skin irritation and that makes the skin soft, clear and healthy.

Any druggist can supply you with Zemo, which generally overcomes skin diseases. Eczema, itch, pimples, rashes, blackheads, in most cases give way to Zemo. Frequently, minor blemishes disappear overnight. Itching usually stops instantly. Zemo is a safe, antiseptic liquid, clean, easy to use and dependable. It costs only 35c; an extra large bottle, \$1.00. It will not stain, is not greasy or sticky and is positively safe for tender, sensitive skins.

**WHOS WHO**  
*in the Daily News*  
**ADMIRAL BENSON**  
The progress of the bitter controversy now raging between Admiral Sims and Secretary of the Navy Daniels is being watched with the keenest interest not only by those connected with the navy but by the public as well. America's verdict will doubtless be swayed in the end by the testimony of Admiral William Shepherd Benson, chief of naval operations throughout the war and naval adviser to the American peace delegation at the Paris conference last year. Admiral Benson is scheduled to appear before the senate sub-committee now investigating Sims' charges. Throughout the trying days when the navy was performing the difficult job of transporting 2,000,000 and American soldiers to France it was Admiral Benson's hand that directed the movements of the vessels and deployed the convoys. To him fell the responsibility of safe transport for the American expeditionary forces.

Admiral Benson has been a disciple of preparedness and, when the war broke and the United States was faced with the problem of mobilizing an army in France, Admiral Benson surprised his conferees in the war and navy departments by bringing forward a plan he had worked out long before America became involved in the European struggle.

Admiral Benson's career in the navy has been brilliantly successful from start to finish, though he has avoided the high lights of publicity. Perhaps the most drastic feat of his naval career was when, as a captain, he sailed with Gen. A. W. Greely, Arctic expedition in 1881. Twenty-five soldiers went with Greely, who was at that time an officer in the army signal corps. Seven of the party survived the terrible experiences they were compelled to endure.

As an officer of the dispatch gunboat Dolphin, Benson made his first trip around the world, returning in 1890, when he was assigned to the

# "Flu" Cripples Cards, Halts Blue-Brooklyn Game

By George McManus.

## LOCAL HIGH MEETS MILTON JUNCTION AT COLLEGE SATURDAY

An epidemic of influenza which has struck Brooklyn and caused a decision to close the schools there has stepped in and made necessary the cancellation of the basketball game which was to be played there Friday night between the Janesville high school and the team of that town. This was announced in the auditorium of the local school yesterday afternoon by Principal Bassford.

The Janesville players had been anticipating a hot time in the little town. Brooklyn's team, first thought to be a "hot" one, developed into a strong combination until it ranks high among the high schools of the southern part of the state. However, the earlier idea of a "hot" (rabies) of Janesville to send only a second team was changed and the plan was to play the regular line-up.

## CADILLACS WALK AWAY FROM HAYES-LANGDON

"Shooey" Schumaker spilled the pins for 242 in his last game last night, helping the Cadillac team to a 1-0 lead in the Hayes-Langdon game on the West Side alley by 313 maps. The Cadillac team was out of the running so far as the Cadillac was concerned. Their highest run was 175.

## SAMSON ROLLS 927 BUT LOSES TWO GAMES

Though they rolled 927 in their third game, which was aided materially by Dickson's high of 223, Samson lost two to the Gazette bowlers in the city league race at the Arcade last night. In their wins, the newspapermen led by good distances.

## MC LEAN REACHES NORWAY FOR RACES

St. Paul, Minn., Jan. 28.—Bobby McLean and Oscar Mathieson will race before the biggest crowds that ever witnessed a skating match, according to a cablegram here yesterday from Christiania, Norway.

B. G. Scanton, McLean's manager, cabled his wife that they arrived in Christiania safely. Scanton declared the receipts for the match probably would exceed \$100,000 in American money.

The first races will be 500 and 5,000 meters on Feb. 7. Scanton said, on the second day they will race 10,000 and 15,000 meters. In race each wins two races the final will be 1,000 meters.

## Baseball Tips

BAKER QUILTS.  
New York.—Miller Huggins, the Yankees' manager, returned tonight from the home of Home Run Baker. The manager came back with a long face. The demon slugger not only spurned a contract, but declared that it is a 1 to 100 shot that he ever plays baseball again.

Huggins said that his present plans were to play Chick Fawcett at third.

Mainitowoc, Wis.—Pete Herzog, first baseman of the Manitowoc champions of the Lake Shore league, has been sent a contract by Columbus and asked to report at Albany, Ga. Herzog is uncertain whether he will accept, as he received an appointment in the federal service.

Chicago.—Four additional dates were added to the spring training schedule of the Chicago White Sox on Tuesday. Harry Gainer, secretary of the club, announced that the first team would play at Port Worth, Texas, March 27; at Dallas, March 28; at Georgetown, March 29, and at Austin, March 30.

The training schedule will be limited to about 30 games, divided between the first and second teams.

## WEISE WILL NOT PLAY TOMORROW; GETTING NEW MEN

Bill Weise, crack center of the Lakota Cardinal basketball team, and former member of the A. E. P. championship basketball five, is ill. Pears are expressed that he is suffering from "flu," although it is hoped that he has only a cold. However, he will not be able to go on the floor tomorrow night against the Beloit Fairies. That is certain from word of his physician.

Weise, with Young, who likewise will not be with the Lakotas tomorrow, played a whirlwind game around the Gateway city bunch two weeks ago. Their absence will be felt considerably by the locals. Nevertheless the Cardinal managers are not giving up hope of winning. They have sent out a hurry call for substitutes. In answer, Dermody has sent word that he will be able to get hold of two men from Milwaukee to fill the bill.

These unfortunate circumstances should not trouble the fans. The Lakota Cardinals have been known to become fanned for their grit, fight, and punch at all stages of the season, no matter what happens. That spirit has carried them to many a victory. It is the true sportsmanship qualities that make for victories.

What the followers of the game want to do now is to rally around the team and make up big parties to go with it to root for success against the angry mob that dwells where the wind-mill groans.

The Beloit team expects to have Dutch Witte back in the game tomorrow night at guard. A few weeks ago he injured his knees. Gladly he has been ailing with grippe, but feels able to take the floor with the Fairies at guard.

## Basketball Talk

On Paid gymnasium, Chicago, will be the scene of the encounter between the Logan Squares and Whiting Red Crowns Thursday night. Although the Red Crowns are expected to overcome this disadvantage with their smooth passing and floor work, the Logan Squares have lost but one game this year, while the Logan Squares have a clean slate.

The Red Crowns have lost but one game this year, while the Logan Squares have a clean slate.

## As You Were

By BUCK.  
Of the Stars and Stripes A. E. F.

A Little More.  
A little bright.  
Recruiting sign—  
Your name upon the  
Dotted line.

A Little Drill.  
A little rest.  
A little bigger  
Round the chest.

A Little War.  
The boche get rough—  
A stripe upon your  
Right-hand cuff.

Fun la guerre.  
A little fun.  
The little bonus  
Soozy is done.

A Little Sign.  
Says: "Wanted men."  
Well, hello, sergeant, I'm  
Back again!

A lot of them still seem to be knitting, says ex-Sgt. SOL, but so far they had to buy his own socks this winter.

Tables We Have Met.  
1. White Pine.  
It must have been the biggest table of all because you could just about look over it and it was covered with a shiny oil-cloth that looked like marble.

On it were mixed wonderful things in great yellow bowls. And after while if you were good and most of the mixture were poured out—but not all—you could stand upon a kitchen chair and "lick" the bowl. My, but you could while the hired girl emptied it for fear she'd scrape it clean!

Then sometimes things were rolled and flattened on the table and round things were cut out with a cutter and there were always little "scraps" left. And you ate all these you could while the hired girl emptied it for fear she'd scrape it clean!

And sometimes, when father and mother went out, grandma got out a wonderful red table-cloth and put it over the table and you had your crackers and milk there, in the light of the lamp.

It was the first table you remember much about, but you can see it very plainly—even the brown strip in the oil-cloth that you cut with the potato knife to see how deep the marble went.

After the Investigation.  
Olive Drab: What's the matter with the navy, anyhow, why can't you fellows stick together when these congressmen put you on the grill?

Navy Blue: Well, if we had as much to cover up as you have, maybe we would.

She Must Have Lost Her Head!  
She's old enough to understand! She never thought she had the face to let a fellow kiss her hand! She ought to know it's out of place!

International Insomnia.  
"Tell Uncle Bud about the time you slept in the hotel on the Swiss border where your bed was right over the frontier."

The ex-Yank had told the story so many times that he was almost as tired of it as everybody else. But the interested relative was not to be downed.

"Well, well, how remarkable," he observed, as if to draw out the modest hero, "did you sleep well?"

"No, I did not," returned the peevish vet. "Every time I turned over I had to show my pass-ports."

## BIG ATHLETIC SHOW MADISON SATURDAY

Madison, Jan. 28.—Athletics will have a full day at the University of Wisconsin next Saturday. The Minnesota-Wisconsin basketball game will be played Saturday night. The Milwaukee Y. M. C. A. gymnastic team will compete with the varsity gymnasts in the afternoon, and hockey enthusiasts will stage a contest on Lake Mendota's ice in the morning.

Minnesota's five lost to Northwestern in an overtime game, and lost to Illinois. Still the northerners are looked on as a tough proposition, and the Badgers will have a battle on their hands.

To Try Comeback.  
Two last season football stars occupy forward positions on the Minnesota quintet. They are Armstrong, 1919 quarterback, and Oss, 1919 heavy and speedy. Armstrong is accurate at shooting baskets.

Saturday's game is Wisconsin's fifth conference game and the second conference game to be played on the home floor. The Badger basket loss Saturday was Wisconsin's first.

Some of their fallen laurels. Following the big athletic schedule of the last day of the month, university sports will be at a standstill until Feb. 14, because of exams.

Read Gazette Classified Ads.

## REVIVE FOX RIVER BASEBALL CIRCUIT

Appleton, Jan. 28.—Reorganization of the Fox River Valley baseball league was completed at a meeting of baseball men representing clubs in Green Bay, Oshkosh, Kaukauna, Kimberly, New London and Appleton, all of which are to be included in the circuit. Another meeting is to be held February 15 when officers are to be elected and a schedule drafted. George Hogriever, formerly with the Cincinnati club of the National league, will probably be elected president. The tentative date for opening the season is May 1. Games will be played only on Sundays and holidays.

## THREE WRESTLING MATCHES AT DELAVAN

(By Gazette Correspondent)  
Delavan, Jan. 28.—After several years of inaction, Delavan will resume wrestling matches at the opera house tonight when Young Samson, Rock Island, and Kid Hanson, Madison, go to the mat for the best two out of three. Charles Lamb, Sharps and Rowbotham, Walworth, 160 pounds; and Young Burr, Delavan, and Jack Wilmore, Elkhorn, 145 pounds each, will provide the preliminaries. Music will be furnished by the American Legion orchestra.

## EAU CLAIRE SKI CLUB ALIVE AGAIN

Eau Claire, Jan. 28.—After having remained inactive for four or five years, the Eau Claire Ski club has come to life again and with new vigor is planning to revive this sport here. The first step in this effort will be a tournament Sunday on the Mt. Washington Ski slide, the scene of many a hard fought contest. A new slide has been constructed and some of the youngsters here have been able to make jumps of 125 feet with ease, and it is believed that the leading amateurs when they get into action, can better this.

Thirty-five entries have already been received and a considerable more are expected.

## Announce Dates for Central Basket Classic

Chicago, Jan. 28.—Charles A. Dean, chairman of the championship committee of the Central A. A. U., announces that the 135 pound and unlimited weight basketball championships will be held at the Fourth Infantry Armory this year. The 135-pound games will be held Feb. 26, 26 and 27, and play in the unlimited weight March 3, 4 and 5. The armory is the old Chicago skating arena at 537 1/2 Broadway. Entries close with Charles A. Dean, 14 East Jackson boulevard, one week before the games are scheduled.

## ILLINI LEADS BIG 10 BY BEATING MAROONS

Town, City, Ia., Jan. 28.—Outplaying the Maroons for the greater part of the game, Iowa downed Chicago, 22 to 19, in the conference basketball race. Iowa played minus the services of Capt. Nicolaus, a "flu" victim. The score was tied at 19 with five minutes to play when Shimek dropped in a free throw that put Iowa ahead. Worth got loose under the goal and shot the finger that clinched the contest. For Iowa Finlayson, Worth and Kaufman were the stars. It was Chicago's first defeat of the season and leaves Illinois alone with a clean slate.

| Line-up:                                                                                              | Chicago | Iowa |

## The Cleveland Makes Good Because it IS so Good

"The Cleveland is in a class by itself." That's the answer from owners of the new Cleveland Six all over America.

The Cleveland has made good with the public in such a big way, because it is so good.

Men of engineering and manufacturing skill, and of high ideals, devoted three years to the development and perfection of the Cleveland Six before they offered it to the public. Experimentation was worked out in the Cleveland Company's laboratories and shops, and in constant tests on the road, not in the hands of owners.

So the Cleveland has made good. The thousands of Cleveland Sixes that have gone out to owners since last July are performing as few cars, indeed, can perform. The power and life of its motor, its remarkable comfort in riding, the ease of handling, the beauty and graceful style of its body designs, the excellence of its finish and upholstery, truly place the Cleveland Six in a class by itself.

We cannot tell you how good the Cleveland Six is. You must drive it and ride in it to know.
